

Ladies and Gentlemen,

We are excited to tell you about Z3D, an event hosted by Zephyrhills Can-Am Flyers of Florida along with Florida Freestyle Aerobatics Association (FFAA). This AMA sanctioned event will be held at the Can-Am Flyers of Florida on April 9th, 10th and 11th in Zephyrhills, Florida.

This will be our first year having this event, but with the backing of the FFAA and their tremendous success in running events like this, we are anticipating an excellent turn out of both pilots and spectators and for this to become a popular annual event in following years. We have contacted local newspapers and TV stations about the event for coverage. This event will showcase some of the best aerobatic pilots in Florida along with other pilots from neighboring states who have expressed interest.

Everyone knows that great pilots are not the only thing that makes an event. That's why we need your support! Vendors play a vital role in any event. This is an excellent time for you to offer support for pilots, help individuals that are looking to get in the hobby find the right equipment to do so and showcase your new or specialty products.

As a sponsor, you will be welcome to attend the event and demo your products if you would like. Please let us know so that we can make sure to set aside time for you to do so. If a representative from your company cannot make the event, please feel free to send us a banner to hang at the event along with any literature, coupons or brochures you would like displayed or included in pilot packages. We will also be announcing the sponsor's name at the event at different times throughout the event.

This event will raise money for the Children of Fallen Soldiers Relief Fund along with a charity of choice by the hosting club we are requesting that your company make either a pilot prize or monetary donation at your discretion. Thank you for your time and consideration in supporting this event.

If you have any questions, please do not hesitate to contact David at 352-428-6968 or via e-mail Z3D@earthlink.net. We are excited for the opportunity to work with you and get to know more about your company.
